The Retail Entrepreneurship major prepares students for executive training programs and other entry-level positions in retail merchandising and product development within a diverse range of retail-related businesses. The industry-savvy Retail Entrepreneurship curriculum produces highly marketable graduates able to contribute immediately to the successful management and operations of retail and retail-related companies whether through corporate operations, the product development function, or store operations. The curriculum places a strong emphasis on industry-relevant technology, including product development and merchandising software, and professional experience through a required internship. Courses in the Retail Entrepreneurship curriculum include emphasis on soft goods and fashion-driven products.

"The Jim Moran School of Entrepreneurship has provided me countless resources that I've needed to succeed as a nonprofit business owner. From the faculty mentorship, to the pitch competitions, and even to the amazing guest speakers, the Jim Moran School is a leading program for innovation and student engagement. I am excited to see how this program continues to further Florida State University as a leading institution of higher education."

— Jessica Bachansingh, Inaugural Class of 2019
Admission to the limited access program requires the following:

- Completion of at least 52 semester hours
- Cumulative GPA on all college work of at least 2.70
- Completion of all required prerequisite coursework with at least a C minus or better
- Submission of completed application prior to posted deadline

Prerequisite coursework prior to admission (15 hours):
